TOMBSTONE RECORDS

Compiled by

Fayne E. Harter

August 21, 1971

Usually the names were gathered starting at the North end of the cemetery. If the graves were laid out from east to west, then the names were taken beginning at the east. A large cemetery was recorded in sections, a driveway or a row of trees was the dividing line.

I took only the name and dates from the stone, and if given the relationship. It is not the complete inscription. The time involved was the main reason--it is very time comsuming.

The last name is given first, whenever it appeared the next grave belonged to the same family. And they are arranged in the same grouping.

Mr. T. E. Haberkorn, of the Saint Joe News, gave the listing of the veterans buried in the cemeteries. The list is some ten years or more out-of-date.

The following cemeteries are included:

- Concord Township
  - Alton
  - Concord (Morr)
  - Jenkins
  - Orangeville
- Newville Township
  - Evergreen
  - Riverview
- Spencer Township
  - K. of P.
  - White City
